

Olympic Lawn & Landscape, Inc.
JOB DESCRIPTION

Job Title: **Lawn/Landscape Chemical Technician**

Job Purpose: The Lawn/Landscape Chemical Technician is responsible for chemical applications and for performing other lawn care and landscape services provided to the customers of Olympic Lawn & Landscape. The technician's work will be performed under the supervision of the CEO and/or the Landscape Foreman. This person will also be responsible for other duties as assigned.

Job Duties:

- Chemical applications
- Mowing, weed eating, edging & clean-up
- Aerating & seeding
- Spring & fall clean-up
- Mulching, pruning & weed control
- Assist with installation, renovation & maintenance of landscape beds
- Installation of weed mat, curb lighting and down spout pop-ups
- Planting plants, shrubs & trees
- Assist in basic maintenance of lawn care equipment & tools
- Keep assigned work areas clean and safe
- Monitor lawn and landscape quality and reporting problems/concerns to supervisor
- Monitoring inventory of materials and supplies and reporting needs to supervisor
- Be available to assist other work crews as needed
- Complete all required documentation in a timely manner
- Use Company's resources wisely and effectively
- Complete assigned duties in a timely manner
- Communicate needs, concerns and/or problems to supervisor
- Adhere to all Company safety practices, procedures and policies
- Maintain good communication and positive relations with coworkers, customers and the public
- Represent the Company in a positive manner at all times

Other Duties:

- Material handling tasks
- Sales & marketing activities
- Christmas lighting
- Snow removal & salt application
- Other tasks as assigned or as needed

Requirements:

- Chemical Applicator's Certification
- High school diploma or GED
- 1-2 years experience
- Current Class E Drivers License preferred – will then need DOT Medical Card

Abilities & Skills:

- Ability to safely operate all assigned equipment and tools
- Ability to lift up to 50 lbs.
- Ability to stoop, kneel, bend, twist, reach and to climb ladders
- Good communication and teamwork skills

Working Conditions:

- This work is primarily performed outside in all sorts of weather conditions (i.e. hot, humid, cold, wet, windy, rain, snow) which means the person will need to be adequately prepared.

The information in this job description is not a complete inventory of the job's duties, responsibilities, and qualifications. Rather, it gives the general nature and level of work to be performed by employees assigned to this job title.
